

Averio

Averio

Relaxed Sophistication, Comfort by Design

Defined by spectacular lines, the lightweight and modern Averio lounge chair and table provide a versatile solution for a wide range of interiors –from relaxed casual spaces all the way to prestigious executive offices.

Design: Rüdiger Schaack

The Averio lounge chair's nest-like design is extremely comfortable and allows for inner seat and outer back areas to be upholstered in different fabrics creating dynamic color combinations. In addition to the bent steel rod frame, the chair is available in a classic four-star base with auto-return cylinder. Both bases are available in black or polished metal.

Averio's companion side table with its signature bent rod steel frame can be surfaced in clear glass, wood or solid surface (black or white faux marble).
