HUMAN SPACE

## BOSSELINO UNO

BOSELINO UNO

## WORK IN PEACE.

### CLEVER CALLBOX

An office has never been so compact. The bosselino uno is the ideal callbox for communication, creativity and taking a break. Quick to assemble and made from high-quality, sustainable materials, it combines perfect design with clever features.

## BOSELINO UNO

### FLEXIBLE RETREAT

Ingenious, space-saving and made for undisturbed working: The bosselino uno guarantees easy working. The storage shelf provides space for a laptop and notebook and the wall mounting allows vid-eo calls at eye level. Acoustic panels made from 100% recycled PET ensure that ambient noises stay outside and confidential discussions stay in the box. The glare-free lighting and two silent fans create the perfect atmosphere for work.

**PRESENT DETECTOR/LIGHTING**

Glare-free lighting thanks to energy-efficient LED downlights.

**ELECTRIFICATION**

Combination socket 230 V + USB-A + USB-C.

**TABLET SHELF**

Extra shelf for tablet and smartphone to make video calls at eye level.

**TABLE**

Large shelf for a laptop and notebook.

**FRAME STRUCTURE**

Aluminum frame profiles made from low-carbon aluminum that produces 66% fewer CO2 emissions in the manufacturing process.

**FLOOR COVERING**

Robust and sound-absorbing floor covering made from 100% recycled PET.

**BASE PLATE**

Five adjustable feet provide a secure base even on surfaces that are not flat.

**VENTILATION**

Two low-noise, powerful fans guarantee a constant supply of fresh air.

**INSTALLATION**

The assembly time is around 45 minutes, regardless of the building.

**WALLS**

Composite wooden panels made from 50% recycled material and biogenic glue form the outer shell. The inner walls are made from 100% recycled PET.

**DOOR**

8 mm safety glass with a comfortable handle.

**POWER CONNECTION**

Simple connection to the power grid via a standard plug, cable length 8 feet

**DIMENSIONS**

Outside width | inside width: 40" | 35"  
Outside depth | inside depth: 40" | 36"  
Outside height | inside height: 85" | 79"

BOSELINO UNO

## SUSTAINABILITY.

### READY FOR THE FUTURE

We design and produce products in an eco-friendly way. The bosselino uno is climate-neutral. All CO<sub>2</sub> emissions generated during the manufacture of the product have been compensated for. Bosse supports selected and certified climate conservation projects.
