BOSSELINO UNO

WORK IN SILENCE.

CLEVER CALLBOX

An office has never been so compact. The Bosselino Uno is the ideal callbox for communication, creativity and taking a break. Quick to assemble and made from high-quality, sustainable materials, it combines perfect design with clever features.

BOSELINO UNO

YOUR CREATIVE BREAK.

FLEXIBLE RETREAT

Ingenious, space-saving, and made for undisturbed working: The Bosselino Uno guarantees easy working. The storage shelf provides space for a laptop and notebook and the wall mounting allows video calls at eye level. Acoustic panels made from 100% recycled PET ensure that ambient noises stay outside and confidential discussions stay in the box. The glare-free lighting and two silent fans create a calm atmosphere for work.

PRESENT DETECTOR/LIGHTING

Glare-free lighting thanks to energy-efficient LED downlights.

TABLET SHELF

Extra shelf for tablet and smartphone to make video calls at eye level.

ELECTRIFICATION

Charging: USB-A + USB-C + one socket

TABLE

Large shelf for a laptop and notebook.

FRAME STRUCTURE

Aluminum frame profiles made from low-carbon aluminum that produces 66% fewer CO2 emissions in the manufacturing process.

FLOOR COVERING

Robust and sound-absorbing floor covering made from 100% recycled PET.

BASE PLATE

Adjustable feet provide a secure base even on surfaces that are not flat.

VENTILATION

Two low-noise, powerful fans guarantee a constant supply of fresh air.

INSTALLATION

The installation time is a maximum of 45 minutes and is independent of the building.

WALLS

Composite wooden panels made from recycled material and biogenic glue form the outer shell. The inner walls are made from 100% recycled PET.

DOOR

8 mm safety glass with a comfortable handle.

POWER CONNECTION

Simple connection to a standard outlet via a six-foot cord.

DIMENSIONS

Outside width | inside width: 40 in | 35 in

Outside depth | inside depth: 40 in | 36 in

Outside height | inside height: 85 in | 80 in

BOSELINO DUO

THINK. MEET. CREATE.

FLEXIBLE MEETING BOX

The right space for big ideas and clear thoughts. Whether it's for confidential discussions, intensive teamwork, or creative thinking, the Bosselino Duo is the ideal meeting box for focused working—at the heart of the office. For maximum comfort, there are three optional seating options to choose from: comfortable benches, flexible To-Swift stools, or cozy Allora poufs.

PRESENT DETECTOR/LIGHTING
Glare-free lighting thanks to energy-efficient LED downlights.

FRAME STRUCTURE
Aluminum frame profiles made from low-carbon aluminum that produces 66% fewer CO2 emissions in the manufacturing process.

BOSSELINO DUO

FLEXIBLE COMFORT.

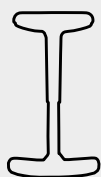

YOUR SPACE, YOUR CHOICE

There are three flexible seating options to choose from:

BENCH

- The bench with a wide seat surface can optionally have an upholstered cover added to it.

STOOL

- The ergonomic To-Swift stool promotes active and dynamic sitting.

POUF

- The cushioned Allora pouf creates a comfortable atmosphere and invites you to linger and relax.

ACOUSTIC REPORTS

DIN EN ISO 16283-1:

Bosselino Uno | sound level difference: 33 dB

Bosselino Duo | sound level difference: 31 dB

FRAME STRUCTURE

Aluminum frame profiles made from low-carbon aluminum, which is produced in an eco-friendly way using hydroelectric and wind power and produces 66% fewer CO₂ emissions in the manufacturing process.

OUTER WALLS

Composite wooden panels made from recycled material and biogenic glue form the sustainable outer shell. The innovative, regenerative raw material concept preserves valuable resources and creates a healthy indoor climate.

INNER WALLS

The acoustically effective inner walls are made from 100% recycled PET.

BOSSSELINO UNO + DUO

SUSTAINABILITY.

READY FOR THE FUTURE

We design and produce products in an eco-friendly way. The Bosselino product range is climate-neutral. All CO2 emissions generated during the manufacture of the product have been compensated for. Bosse supports selected and certified climate conservation projects.
